YOUR ROAD MAP · AND THE ONE PLACE TO START

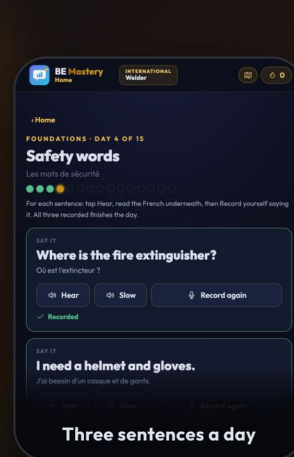

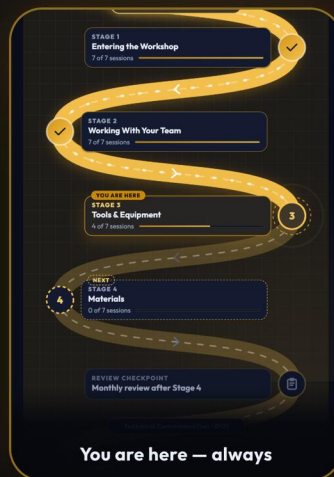

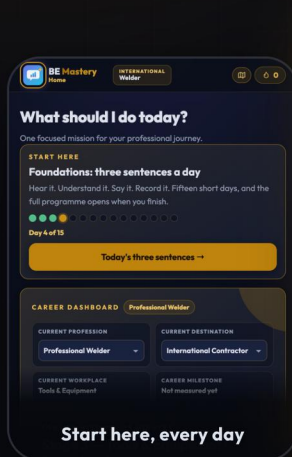

Always know where you are — *and what comes next.*

Most people don't quit because English is hard. They quit because they lose the thread. BE Mastery answers two questions every single day: where am I, and what do I do now?

1 place to start —
whatever your level

15 days of Foundations,
three sentences a day

84 sessions on one road,
from start to certificate

1 **A one-minute check places you**
Three sentences. Did you understand each one? Honest answers decide where you begin — **nobody is put in front of English they can't yet follow.**

2 **Foundations, if you need it**
Three sentences a day with your language underneath. Hear it, say it, record it. **Fifteen days**, and the full programme opens.

3 **One beacon, one next step**
The road map lights exactly one pin: **you are here**. Below it, exactly one: **next**. Never a list of twelve things to feel behind on.

4 **The reminder shows the road**
Your daily reminder carries a picture of your progress and **opens straight onto the map** — where you are, how far you've come, what's next.

ON THE ROAD

Stage 0 · Foundations

12 stages

3 review checkpoints

Your certificate

DAY 1**Take the check**

One minute. It only decides where you start — not what you're worth.

**EVERY DAY****Open Home, do the one thing**

The card at the top is today's job. Finish it and the road lights up behind you.

**ANY DAY****Tap the map**

"Take me to where I am" — one tap from any screen, and you're never lost.
