Your road map · and the one place to start

WHERE YOU ARE · WHAT COMES NEXT

Never lose *your place again.*

One check tells you where to start. One road shows where you are. Three sentences a day if English feels fast — then the full programme opens.

1

A one-minute check

Three sentences. Did you understand? **It decides where you start** — nothing else.

2

Foundations, if you need it

Three sentences a day, your language underneath. **Fifteen days.**

3

One lit pin: you

Twelve stages on one road. **You are here.** **Next.** Never a list to feel behind on.
